

Right Way To Success

(A DIVISION OF SOLSTICE SOLUTION REALTY LLP)

Corporate Introduction

Solstice Solution Reality LLP is a diversified enterprise that bridges Real Estate and Decentralized Finance (DeFi) — combining the power of tangible assets with blockchain transparency. Our operations include land acquisition, development, and strategic property management backed by a verified DeFi infrastructure.

Although the company was officially registered in 2025, the management team behind Solstice possesses over 15 years of rich experience in real estate acquisition, development, and project execution across multiple Indian markets. After years of proven field success, the leadership is now bringing this legacy onto a larger scale — powered by decentralized technology and blockchain innovation.

We are redefining Real Estate Investments through technology, trust, and transparency.

Mission & Vision

■ Mission

To create a secure and high-yield environment where investors gain from both real-world property assets and decentralized finance systems, ensuring steady, transparent, and sustainable growth.

■ Vision

To become a global benchmark in Real Estate + Blockchain integration, empowering individuals through ownership-backed, legally verifiable, and decentralized opportunities.

Disclaimer: Statements of mission and vision represent strategic objectives and not guaranteed financial results.

Investment Model Overview

Real Asset.

Real Return.

Real Security.

- Fixed Return: 2x in 20–25 Months
- Investment backed by legal Plot / Flat Registry
Operational Base: Nagpur, Chandrapur, Gadchiroli, Aurangabad, Jalna, Muzaffarpur, Patna (Bihar).
- All contracts and transactions are legally verified and registered

Example: \$1,000 investment → \$2,000 in approx. 20–25 months

All investments are secured under Real Estate registry agreements and governed by LLP regulations.

Disclaimer: All investment examples are indicative. Actual returns depend on project performance and market conditions.

Investor Programs

A. Standard Investment Plan

- Investment Range: \$6,000 – \$10,000 (Plot Agreement / Registry)
- Premium Option: \$50,000+ (Flat Registry – Nagpur & Mumbai)
- Return Target: 2x in 25 Months

B. Flexible Partnership Plan

- Designed for medium-scale investors & professionals
- ROI governed by project completion & verified sale returns
- Full transparency through DeFi-enabled contract structure

Investment diversification with stability and blockchain security.

Disclaimer: Participation is voluntary. All investors are advised to review legal documents and risk factors before committing funds.

Field Partner Earning [Affiliate Division]

Division Name: Right Way To Success

After years of success in the real estate domain, Solstice is introducing an opportunity for individuals to participate in its ecosystem — Right Way To Success.

This is not just another affiliate program; it's a strategic entry point into a high-value, real estate-backed blockchain model. Early partners will not only earn from passive income streams but will also become part of Solstice's global growth network.

This opportunity is available for a limited period before the public expansion phase begins.

Progressive Income Plan (Performance - Based)

Spot Commission 3%

Tier	Commission	Average Monthly Yield	20-Month Cumulative Example

The Future of Transparent Growth

DeltaVault on Hyperliquid – The Future of Transparent Growth

Live Transparency: <https://app.hyperliquid.xyz/vaults>

Solstice Solution Reality LLP introduces DeltaVault, a decentralized AI-driven yield vault powered by Hyperliquid — bridging real asset trust with digital transparency. DeltaVault is built to create on-chain confidence — giving investors live visibility of performance, TVL, and fund movement directly through blockchain data.

Key Features (On Hyperliquid)

Key Features (On Hyperliquid)

- On-Chain Transparency: Every deposit, withdrawal, and ROI is verifiable live on Hyperliquid — no hidden backend.
- Anytime Withdrawal (No Long Lock-In): Funds can be withdrawn anytime after a 1-day settlement cycle — giving full freedom and liquidity.
- Self-Custody Security: Investors retain control in their own wallet (MetaMask / TrustWallet). Hyperliquid never holds user assets directly.
- No KYC Hassle: Fully decentralized model — instant participation through wallet connection.
- Advanced AI & PineScript Strategies: Fund performance driven by Solstice's transparent algorithmic models — visible on-chain.
- 10% Transparent Fund Management Fee: Automatically deducted from live profits — rest credited back to vault participants.
- Auto Smart Contract Payouts: No manual processing, no intermediaries — pure smart contract automation.

Verified Hyperliquid Advantages

Verified Hyperliquid Advantages

- Real-time TVL & Strategy Performance Data publicly available
- Full visibility into fund managers and historical results
- Profit sharing occurs automatically on-chain (no middlemen)
- Vaults operate without custodial risk — user retains full control
- Multi-strategy vaults (liquidity, leverage, funding yield) to enhance diversification
- 24/7 transparency and performance audit via Hyperliquid Explorer

Caption: 'Track performance live — fully verifiable on-chain.' **Disclaimer:** Performance may vary based on vault activity and market conditions. All funds remain under user custody. DeltaVault and Hyperliquid do not guarantee returns.

The Hybrid Wealth Model

Solstice x DeltaVault – The Hybrid Wealth Model

Solstice builds the trust. DeltaVault proves it — Live on Hyperliquid.

Through DeltaVault, Solstice introduces a dual-growth ecosystem — combining real-world security with on-chain transparency. This hybrid model bridges Real Estate ROI and DeFi Yield Generation, allowing investors to participate in a proven, auditable, and high-liquidity environment.

Comparison Table

Feature	Solstice Ecosystem	DeltaVault (Hyperliquid)
Core Asset Type	Real Estate (Plots, Flats)	DeFi Liquidity & Trading Vault
Return Type	Fixed ROI (Asset-backed)	Variable Yield (Market-driven)
Transparency	Contract-backed	100% On-chain
Liquidity Access	After Tenure	Anytime (T+1 Day)
Custody	Company-Managed	User-Controlled Wallet
Growth Driver	Real Asset Appreciation	Algorithmic Strategy Performance
Accessibility	Limited Partners	Global DeFi Access (No KYC)

The Hybrid Wealth Model

Together, Solstice and DeltaVault redefine hybrid wealth — combining real-world stability with blockchain transparency. Investors get clear, provable growth — every transaction is visible, verifiable, and withdrawable without restriction.

Legal Disclaimer: DeltaVault is a decentralized yield vault powered by Hyperliquid. It offers performance-based returns only. No guaranteed ROI is promised. Solstice LLP acts solely as a fund management service provider and does not solicit deposits. All participation remains voluntary, and assets are always under user-controlled custody.
